#### THE SPECULATIVE MARKETS.

A Big Consumptive Demand For Wheat in Existence.

CORN PRICES OPEN UP FIRM.

Good Business Recorded in the Oat Pit-Provisions Open the Week Featureless-Plenty of Native Cattle.

#### CHICAGO PRODUCE MARKETS.

CHICAGO, August 5 .- | Special Telegram to THE BEE. !- Speculatively, wheat was rather dull to-day. Receivers and shippers, however, are having plenty to do. Grain is leaving farmers' hands in generous quantities. A good deal of it drops off by the wayside in transit, and that which is received at centers is in request. Arrivals at the four principal primary winter wheat markets-Chicago, St. Louis, Toledo and Baltimore-last week footed up to 2,800,000 bushels, yet the visible only increased about 500,000. This very plainly proves the existence of an extraordinary consumptive demand. A demand that will absorb 2,300,000 bushels of the current receipts of a single week is too important's factor to be ignored, and it is teaching the bears a lesson. They are acquiring a respect for a market they are prone to think lightly When stocks at a point like St. Louis will actually show a decrease in any one week at a time like this, the circumstance is one that commands attention. Chicago's increase is by no means alarming. The arrivals for the week were less than 1,000,000 bushels, and shipments were more than half that quantity. The receipts for to-day were 159,000 bushels, and shipments 277,000 bushels. The estimate for to-morrow (two days) is 405 cars, and lake engagements were reported for 139,000 bushels. In inner circles it was whispered that the actual capacity taken was 139,000 bushels. In inner circles it was also whispered that the amount taken was nearer 300,000 bushels, but that the details could not be given up. This is, therefore, printed for what it is worth. It is certain, however that there was a brisk demand for cash that there was a brisk demand for cash wheat at 1/4c advance upon Saturday's prices. A liberal movement of wheat both ways is expected by local grain men. December wheat was quoted at 781/4c at the beginning of the session. The price was not long in getting to 781/4c, but it broke suddenly to 781/4c after the car lots estimate for to-morrow was in and the visible increase had been posted. The recovery was sharp and decisive and the market continued to harden until the end. The closing prices were the best for the day on the whole list. December left off at 781/4c, just 1/4c better than Saturday. September opened at 763/4c, ranged at 760/40771/4c and closed at the outside. August ranged from 761/4c to 773/4c at the last.

Corn ruled moderately firm at first, in sympathy with wheat, but was affected in the speculative branch by cooler weather, which is keeping back the progress of the plant and increasing thereby the chances of plant and increasing thereby the chances of frost damage. Another feature which con-tributed some strength was a decrease of 165,000 bushels in the visible supply notwith-standing the increased receipts. Attention was also directed to the small supply of contract corn at all the leading centers of ac-cumulation. The demand for corn was as good as ever, and export clearances were heavy from the Atlantic seaboard. Prices showed about 1/2c improvement upon Satur-day's closing, being 351/2c for September to-day, compared with 351/2c at the close of the preceding week, and May 371/2c against 371/2c Satarday.

Saturday.

In the regular market for oats good busi In the regular market for oats good business was recorded, though trading was rather less active than during the close of last week. Prices again showed a declining tendency, which amounted to 36@36c. This was induced by liberal selling on the part of a prominet house, together with big receipts. Out of a total of 344 cars inspected fully 155 were new oats. In the aggregate named, which exceeded the estimate, were \$1 cars of contract grade. Withdrawals were

Si cars of contract grade. Withdrawals were only fair, and car lots of No. 2 regular sold off 3c to 203c.

The provision trade opened the week in a featureless manner. In its different branches no activity to speak of was exhibited, and there was no unusual developments. The shorts appeared to be the largest buyers of proventy. Offerings heaves a ware mader. property. Offerings, however, were moderate and, as a consequence, the market doubt less possessed more strength than might be expected under the circumstances. Prices also averaged a little higher than Saturday's level all around. In pork the day closed with an improvement of 71/200c, and in lard of 21/407/4c. Short ribs at the close were quoted unchanged to 21/4c higher.

#### CHICAGO LIVE STOCK.

CHICAGO, August 5 .- | Special Telegram to THE BEE. |- CATTLE, -The run was no greater than expected, but the surprise was the large number of natives-fully 13,000-as not more than 2,000 represented the number of Texans. There were only a few rangers among the arrivals. Trade was fairly active, best export and shipping steers selling equally as high as last week, but absolutely everything else in the native line sold 10c less than at the close of last week. Texans sold 10c less than at the close of last week. Texans sold 10c higher on account of the unlooked-for light run. Native butchers' stock, especially nice cows and heifers, sold a shade stronger. There was nothing of note going on in the stocker trade. Choice to extra beeves, \$4.40@ 4.50; medium steers, 1850 to 1500 lbs, \$3.80 @4.30; 1200 to 1350 lbs, \$3.70@4.15; 950 to 1200 lbs. \$4.00@4.400; stockers and feeders, \$2.25@5.25; cows,bulls and mixed, \$1.75 @3.00; bulk, \$2.20@2.50; Texans were stronger; steers, 950 to 1050 lbs, \$2.40@3.10; cows, \$1.75@2.10; western half-breeds, \$3.00

63.50; cows, \$2.25@2.75.

Hogs-There was a demand for all hogs on sale and prices were generally about the same as on Saturday, yet a few buyers filled in at a nickle less than on Saturday. Packing sorts sold largely at \$4,15@4.25, a few at \$4.30. Light sorts sold largely at \$4.55@4.60. Light mixed made \$4.35@4.50.

#### FINANCIAL.

NEW YORK, August 5 .- | Special Telegram to THE BEE. |-STOCKS-It was the prevailing opinion in most quarters where stocks are discussed, even before the hour for business, that there would be a bulge in prices here to-day if for no other purpose than affecting prices in London to-morrow. This being a holiday on the other side, the home market opened without foreign influences. The opening was unusually strong, and the activity and strength spread throughout the entire list. First prices averaged about % per cent over the closings of Saturday. Chicago advices indicated that the west expected higher prices in grain carriers. Oregon Transcortinental was up a point on the decision of the Northern Pacific committee to issue a collaterai trust loan. Louisville & Nashville sold exhaustively and at 6814 and up to 6914. Chesapeake & Ohio at once made gains of % @% on common first preferred shares. Burlington, St. Paul, Atchison, Lackawanna and Reading were the most conspicuous in dealings, but Northwestern, Missouri Pacific, and Union and Northern Pacific preferred and a few others were not far behind. Long before noon Lake shore was up 11/2 per cent to 1031/2. Burlington was the leader among the grangers and went up 114 per cent to 108. Rock Island and St. Paul each gained about 1-6 per cent. Chicago Gas gained 14 per cent to 10514, and Lead Trust 34 per cent to 23%. Sugar first weakened 1 per cent to 11236, but reacted strong and went up to 115. The strength was well maintained until noon. The day in stocks proved even better than indicated by the first hour's business. There was nothing in the shape of news except on the bull side, and advices from crop sections relating to the future management of western roads were almost encouraging. The volume of business in creased gradually and prices advanced still further. Before noon there was weakening

on realizing sales, but the close was on a broad and strong market. Burlington reached a very complimentary figure-10314-Northwestern 115, St. Paul touched 10234, and Missouri Pacific 6914. Coalers and trusts made good gains, but the uniform strength of the grain roads was the feature of the day. The total sales were nearly

#### OMAHA LIVE STOCK.

Monday, August 5.
Beef cattle suffered a decline of 5@10c on account of the heavy receipts and weakening of the markets at eastern points. The most desirable of the corn-fed natives, however, felt the decline less than other grades. ever, feit the decline less than other grades. To-day's receipts were made up very largely of Colorado, Texans and westerns, and strictly desirable dry-fed beeves were not so very plenty. This is the first day that there have been many Texans and westerns here, but dealers are looking for a heavier run of that class of cattle from now on. The native beeves sold at \$3.70@4.15, but as high as \$4.30 was offered for two loads. Colorado Texans sold at \$2.50@2.85. The market on cows continues very weak and to-day's offercows continues very weak and to-day's offer-ings sold at \$1.75@2.00. Some canners went at \$1.00@1.70. Stockers and feeders were in fair supply, and there were eleven loads of westerns among the offerings.

The hog market did not want much of being 5c lower. The heavy hogs sold largely at \$4.05@4.10 and the light weights at \$4.10@4.15. The market was not particularly active, but with only thirty-eight loads on sale the peas were cleared at an early hour.

There were three cars of common to fair Nebraska sheep here, but the, market was

#### TOBACCO ITEMS.

News From Cuba. LEAF-Supplies of new leaf, especially from Vuelta Abajo, are coming in more freely, but as buyers do not find the proper goods transactions continue limited to some few lots only, taken mostly by Key West

manufacturers. More Remedies have come forward from the country, confirming the favorable opinion entertained as regards the suitability of this article for the requirements of the United States trade. Several small lots have been sent already to Germany for a trial, at prices ranging from \$25 to \$27 gold

Clears—The demand continues as gull as ever, and although manufacturers are work-ing just now merely for the sake of keeping going, preferring to suffer loss rather than dismiss their operatives, strikes have never theless occurred in some factories, forcing a few of the latter into complete inactivity, and certainly not at all to their discomfiture. Several large sales of tobacco leaf have been effected lately at Mantua, in the Vuelta Abajo, mostly to Havana manufacturers, on the basis of \$65 for 1sts to 12ths, and \$15 for

During the past week several strikes among cigarmakers were noticed, especially those of the factories Santa Isabel, of Sres. Sanchez & Co., and Lo Mejors, of Sres. Bances & Lopez, which were, however, promptly and satisfactorily settled... SUMATRA—The market is very active, the sales being 580 bales at \$1.35 to \$2.20. Prices for light tobacco continue to go higher. The reports from Amsterdam are very unsatis-factory. The sales there show up very little desirable tobacco for this market in the matter of color, and prices continue to go

higher.
